INCREASE IN T.A. SALARIES

The Secretary-Treasurer, Charles Berks, and other Council members have been discussing this issue with Rector O'Brien and Vice-Rectors Breen and Bordan. Negotiations have been going well and we hope to obtain a good increase in T.A. salaries for graduate students.

G.S.A. ELECTIONS 1979/80

The elections were delayed for very valid reasons. Since the ballots are mailed to G.S.A. members, and members vote for representatives according to their faculty or division, a faculty and division breakdown in the computer listing is needed. Obtaining this breakdown created some unanticipated delays. Contrary to popular belief, most graduate students don't disappear during the summer, but are registered for 12 months a year.

The editorial staff of Solstice have joined the Sharma-Bouchard bandwagon. Their references to a "Curiously similar situation" three years ago is very misleading. The situation concerned an individual whose eligibility as a candidate was in question. It created quite a stir, not only within the G.S.A. Council, but with the Administration. The Board of Governors did step in, and in so doing rocked the boat by declaring the candidate ineligible. In retrospect, they did the right thing. In the present case, the Board took time to make an informal inquiry to consider the validity of the allegations. They were found to be false.

The Solstice staff seems unaware of the many things the G.S.A. has done for graduate students. For starters, sponsorship to attend conferences, increases in teaching assistantship stripends, help for foreign graduate students affected by differential fees, sponsoring speakers such as Malcolm Muggeridge, funds for faculty/division activities etc., etc.
